### **ARC of Greater Milwaukee Welcomes Three New Staff Members**

ARC of Greater Milwaukee welcomes Mary Till, program coordinator, Sarah Grossman, care manager, and Katie Erdman, care manager, to the team. These new staff members will support ARC in providing quality services to more than 4,500 children and adults with disabilities and their families.

Ms. Till worked for ARC from 1993 to 2001 and gained valuable experience providing guardianship services to adults with disabilities. She recently rejoined the team and is looking forward to working with individuals with disabilities once again. In her new role, Ms. Till will provide in-home interventions to families in need.

Ms. Grossman has experience in assessing and coordinating services for individuals and their families. This experience and her desire to work one-on-one with individuals with disabilities will be valuable in her new role in ARC's Care Management Unit. Through this program, Ms. Grossman will coordinate long-term care services for adults with disabilities.

Ms. Erdman has experience as an Early Head Start Teacher, working with children and their families. As a teacher, she assessed children with disabilities and helped families access the services needed. This experience and her desire to work with families will be beneficial to her new role at ARC.

### **About ARC of Greater Milwaukee**
