TRANSITION RESOURCE GUIDE

Services for Students Moving from High School into the Community

Covering Milwaukee and Waukesha Counties

Seventeenth Edition 2015-2016

Be active. Be connected. Be inspired.

Life Navigators Organizational Information

Our Mission

To improve the quality of life for individuals with developmental and related disabilities, their families and the community through information, education, advocacy and life planning services.

Supporting more than 4,500 children and adults with disabilities to live, work and volunteer in our community, Life Navigators is Your Disability Partner. Through Life Navigators' social and community outings, information, education and life planning services, individuals with disabilities are out and active in our community.

Commitment since 1949

Life Navigators was founded in 1949 by a group of parents who sought to provide opportunities and services for their children with developmental disabilities. Their efforts resulted in mandated special education services, day programming, and community based recreation, residential and employment services.

A Leader in Services Today

Life Navigators' services allow individuals with disabilities and their families to be active and connected in our community.

Information, Education and Assistance – Providing information and programming that helps individuals and families actively participate in the community and the disability movement.

Self-Advocacy & Independence – Organizing community outings for children and adults with disabilities to practice their social and leadership skills while expanding their network of support.

Trust Program – Offering two special needs trusts so that individuals with disabilities have a strong financial plan now and in the future.

Care Management Unit – Delivering long-term care services to individuals with disabilities. We ensure that individuals have supports in place to live, work and participate in our community.

Family Support – Working with children, adults and older adults to put services in place that support the entire family. These services facilitate opportunities for individuals with disabilities to be active and connected.

Corporate Guardianship – Assisting, monitoring and advocating for adults with disabilities. We ensure that our wards have a trusted partner working with them to make important decisions in their lives.

This Transition Resource Guide was developed to assist students with exceptional educational needs, their families and teachers in preparing for life after high school.

Using Your Transition Resource Guide

Agency Matrix:

In the front of this booklet, a handy matrix is available for quick look-up and identification of community services. Community agencies are listed in alphabetical order horizontally and service categories are listed vertically. Find the service category you are looking for and follow it down until you find a dot. Follow the line to the left and you will see the name of an agency that provides the needed service.

Agency Index:

Please refer to the Agency Index to find out more about each agency that is included in this publication.

Subject Index:

Refer to the Subject Index at the back of the booklet for information regarding specific service areas.
